

PROXIMITY GEAR

Article No.:

Jacket - 47118FT109 / Trouser - 53118FT109

The Proof Proximity Gear provides protection in the most extreme radiant heat conditions while maintaining the comfort and quality features that customers demand.

FlexWing Expanded Back assures full range of motion to respond quickly. High back trousers provide full protection allowing the option to choose a shorter length coat for less bulk.

CONSTRUCTION

Outer Layer: Dual Mirror Aluminized PBI/Kevlar 1098 7.0 Oz

- Lightweight and pliable outer-shell fabrics readily combined with vapor barriers and thermal liners to provide firefighters with the ultimate protection against extreme heat.
- Metalized aluminum surface is the most effective flexible barrier for stopping radiant – or infrared heat.

Moisture Barrier: STEDAIR® 3000

- DuPont Nomex E89 spunlace substrate laminated to ePTFE membrane.

Thermal Barrier Layer: TenCate ARALITE® NP

- Lightweight thermal barrier fabrics provide a vital layer to insulate your body against intense heat.
